Also a Universal two reel comedy with "Mrs. Joe Martin," Universal most up to date and trained Monkey.

### PRESBYTERY MEETING AT HIGH RIVER

The semi-annual meeting of the Presbytery of High River was held in Chalmers church, High River on Tuesday, February 24th. Most of the members were in attendance. Many matters of importance to the various mission fields were dealt with among others the foothills mission. The Presbytery is of the opinion that the experiment undertaken when Mr. Mathews was appointed to the field has been justified, and believes that it is warranted in seeking the extension of such work, and the restriction of the field now being covered by Mr. Mathews alone. In other words if it is possible to get another man, to divide the territory, giving one portion of it to Mr. Mathews and the other to the new appointee.

Rev. R. B. Ferris of Granum, and Rev. W. J. Kidd of Okotoks were appointed Commissioners to the General Assembly meeting in Ottawa in June, together with the representative elder from Okotoks and Vulcan.

Dr. Ferguson gave a very interesting and instructive report of the conferences which he attended in British Columbia. He outlined between some of the leaders of the Presbyterian church and the Anglican Bishops of B. C. looking toward church union. Remits from the General Assembly to the various Presbyteries throughout the Dominion re "The settlement of Ministers," and "The limited term of office of eldership," were considered and with slight modifications approved.

Standing committees for the ensuing year were appointed as follows:

Home Missions—W. McNichol, A. McWilliams, and H. Johnson.

Foreign Missions—A. E. Hayes, W. B. Mahon, and R. A. Gorman.

Sunday Schools and Y. P. Societies—R. B. Ferris, W. J. Kidd, and T. Rammage.

Colleges—A. MacWilliams, W. McNichol, and W. J. Kidd.

Aged and Infirm Ministers—A. J. Mitchell, A. E. Hayes, and R. Gehman.

Widows and Orphans Fund—A. J. Mitchell, A. E. Hayes, and R. Gehman.

Budget—W. J. Kidd, A. MacWilliams, and W. McNichol.

Forward Movement—A. J. Mitchell, W. B. Mahon, R. B. Ferris, and E. Carr.

Statistics—W. McNichol.

Reports on the Budget, Home Missions, and Sunday Schools were read and approved and ordered transmitted to assembly's conveners. Some conveners were not ready to report.

The Social Service League and the question of the referendum were considered, and Presbytery appointed a strong committee to assist the work of the Social Service League, and make preparation for referendum about to be submitted to the people.

It was also agreed that at least one service was to be given to a presentation of the facts relative to the working of the liquor law in this province since it was placed upon the statutes.

It was agreed that the thank offering in connection with the Forward Movement be taken in the mission fields of our Presbytery between September 15th and October 30th, 1920.

Hereafter all bulletins of members of Presbytery in connection with the regular meetings of Presbytery shall cease.

### THE AUTO TOUR

As the weeks go by interest in the great tour from Winnipeg to the Canadian Rockies increases. It now looks as though there will be not only a tour from Winnipeg west, for a number have expressed their intentions to follow the pilot car from Calgary to Golden and return.

The C. P. R. are building a loading platform at Lake Louise for use of tourists who desire to ship to Golden and motor through Windermere Valley to Cranbrook. Quite a large party will make this trip and they will be well repaid.

Cranbrook and Fernie will send a large delegation to meet the tourists at Lethbridge and will conduct the touring party from Lake Louise to Golden and through the Windermere Valley.

Camping places are to be established during the season of 1920 from Golden to Cranbrook and tourists will be permitted to establish camps and build fires at the places indicated only. It is thus hoped to eliminate the major portion of fires in this beautiful district.

### Cowboy Sports to be New Feature at Spring Horse Show

An added attraction in the form of some real cowboy sports will be one of the new features of the 1920 Spring Horse Show to be held in Calgary March 23rd to 27th. This addition to the regular Horse Show program will be presented every evening after dinner under the direction of Guy Weadick, who has brought some of his well known bucking horses that created so much comment at the Stampede held in Calgary last August, of which he was manager.

Flurence La Due, the world's champion lasso fancy rider, well remembered for her performances at the Stampede of 1912 as well as the one last year, will give exhibitions of her roping.

Strawberry Red Wolf, the broncho buster who made so many friends in Calgary and was the talk of the Stampede by his daring devil feats of horsemanship, will also be prominent in the bucking horse riding exhibitions. Some real riding and plenty of excitement is promised in this portion of the Spring Horse Show.

Four Injured in Gas Explosion at Macleod

Lethbridge, March 18.—Four people are in the hospital at Macleod as a result of an explosion of gas in the basement of the residence of Adam Ferguson, at 1145 this forenoon. They are Adam Ferguson, who had both his legs broken; his daughter, Helen Ferguson, hurt in the back and badly cut about the head; Mrs. McElrife, another daughter, cut and badly bruised, and her husband, a C.P.R. operator, also badly cut up.

The explosion, which completely wrecked the house, was the result of a leak in the gas connection. Miss Ferguson had gone to the basement for vegetables and lit a match in an effort to locate them.

Geo. Ferguson of Clareholm is a son of Adam Ferguson, who was so badly injured in the explosion.

### Lutheran Services

Sunday, March 28th, divine worship as follows: In Clareholm 11 a.m., and at Clear Lake school 3 p.m.

The Lutheran Young People's Society will meet at the home of Rev. and Mrs. Fatland Sunday evening, March 21st.

You are cordially invited to these services.

H. G. Fatland, Pastor.

Germany has been experiencing a brief revolution, in the course of which several hundred people were shot.

### TOWN OF CLARESHOLM

Assessment Roll, 1920

Notice is hereby given that the Assessment Roll of the Town of Clareholm for the year 1920 has been prepared and is now open to inspection, at the office of the Secretary-Treasurer of the Town from 10 o'clock in the forenoon to 4 o'clock in the afternoon on every day which is not a public holiday, except Saturday (and on that day from 10 o'clock in the morning to 12 o'clock noon), and that any ratepayer who desires to object to the assessment of himself or any other person must, within thirty days after the date of this notice, lodge his complaint in writing at my office.

Dated this 15th day of March, 1920.

John F. Reynolds,  
Assessor.

For Sale—Half section of land northeast of Clareholm, also one quarter six miles southeast of Staveland. Prices and terms easy. Call or address owner, 1802 34th Ave. S. W., Calgary. Telephone W2159. 1-3w

FRIDAY, MARCH 19, 1920

\$45,000,000 THEFTS  
FROM CARS SHOWN.

Booby Double that in Any Pre-War Year.

Wholesale looting of merchandise in transit on the railroads in the United States caused a loss of approximately \$45,000,000 in 1919, according to United States Railroad Administration statistics made public recently.

This is estimated to be more than double the losses sustained in any pre-war year, but it is pointed out that the increased cost of the commodities stolen, notably estimating an average 50 per cent. must be taken into consideration when comparing the losses in the days of false prices with losses now. Nevertheless, there has been a steadily increasing number of packages stolen, and the organization combating them have not an increased ingenuity in diverting goods from the railroads.

A technique of robbery has been developed on a high scale. The "master thieves" are similar in the United States, England, France, Italy and Argentina, according to a recent report of the United States Chamber of Commerce in America. Detectives, however, are inclined to discredit this "widespread international organization" in at work stealing merchandise.

Substitution is the usual method used by the thief. The packages are supposed to contain values are found at the destination, and are sold with either other cheaper grades of cloth, but as a rule, waste paper is found. There are references to "concealed losses" by railway men, and are usually referred to as "leakage" as the shipper leaves and arrives apparently in good condition, and it is almost impossible to determine at what point the theft occurred.

The silk industry has been one of the most severely hit in the last year and an area of investigation has come that the railroad Administration has been considering excluding raw silk from the list of commodities of freight transportation by rail. The Merchants' Association of New York, through its traffic bureau, has protested against such an exclusion, reasoning some less radical measure to minimize or prevent the theft of silk.

## PRESIDENT BEATTY ON Y. M. C. A. WORK.

In a foreword to an attractive little pamphlet issued by the Railway Y. M. C. A. of Canada, Mr. E. W. Beatty, President of the C.P.R., pays a tribute to the work of this association.

"The high value of the work," says Mr. Beatty, "of the Young Men's Christian Association in the interests of men and boys has come to be generally and properly recognized, particularly on account of its efforts and accomplishments in behalf of soldiers during the recent world war."

"Among the various spheres of the Association's activities, the most valuable is the work of the Railway Branches which minister to the intellectual, the social, the moral and the physical needs of railway men irrespective of race or creed."

"The impact on this work on the Canadian Pacific Railway dates back to 1906 when the building at Revelstoke, B.C., was erected, and it is well satisfied were the company's officers with the experienced train men that 9 additional branch associations have since been established. These provide some circumstances and here for men in such service whose away from home and to many employees located at outlying points they afford the only home facilities that are available to them."

It is not only that good meals and clean beds and baths are provided, but the educational advantages, the recreational facilities and the opportunities for social intercourse and athletic amusements must necessarily contribute to the well being of the men and benefit the community in which they live and the country with which they are employed."

"The eminently satisfactory results of this work on the Canadian Pacific lines in the past for which I desire to express my admiration and appreciation, have without doubt been achieved through the earnest and cordial co-operation of the Company's employees with the Association's officers and staff, and with the continuance of their united efforts the future success of the work can, I feel sure, be confidently entrusted to them."

The Railway Y. M. C. A. provided 10,000 beds in railway men and served 75,000 meals in 1919. Its buildings are valued at \$2,000,000.

## TAKE NOTICE

The party who is harboring the young lad that is running around with a gun and shooting me by visiting dirty foul language on my gateways, should please try and have better respect for themselves in some way or somehow.

Make your returns promptly, and avoid penalties.

Hotel Pasadena, Rockaway Beach, N.Y., after the great storm of wind and sea. The damage along the Beach is estimated at \$2,000,000.

## Important Notice to Farmers of Southern Alberta

Owing to unfavorable weather conditions of last year, it is advisable that farmers should have their seed grain tested this spring for germinating vitality. Farmers of southern Alberta, south of the main line of the C. P. R., wishing to have seed grain tested, are requested to send a small sample to the School of Agriculture at Clareholm, Alberta, in care of the Principal. Each application will receive as prompt attention as possible.

## GRANTS ANNUAL PASSES.

C. P. R. Encourages Loyalty in Service.

The C.P.R. to encourage loyalty in service, and recognize the principle of co-operation, has, through the president, Mr. E. W. Beatty, announced a new departure which will undoubtedly be much appreciated. This is the granting of annual passes to officers and employees, and their wives under the following classifications:

Employee on a general superintendent's district, who has had continuous service for a period of not less than ten years, will be granted an annual pass good over district on which employed.

Such employee, who has had continuous service for twenty years and over, will be allowed annual pass good over eastern or western lines upon whichever employed. Women employees of any other department of the service will enjoy the same privilege as above, stating the territory over which pass is desired.

Dead office employees who have had fifteen years' service will receive annual passes over eastern or western lines where employed. Women employees are to be treated the same as men in this connection. The C.P.R. to aim at the contentment and loyalty of the employees, of whom there is an army of 60,000 at present, including all classes.

The Pension Fund, a free gift of the company, was the thought of Lord Shafter. The employees contribute nothing. Already the operation of the fund has brought great benefit. The effect of it has been to increase the contentment and loyalty of the employees, to give the same mutual benefits, to stimulate the general purpose and interest of the company where many all over the system on the Pension Fund, which offers protection in declining years. Millions of dollars are involved in the operation of the fund since its inauguration.

**PATENTS PROMPTLY SECURED**  
In all countries. Also the invention of a new and improved method of securing patents. MARION & MARION, 28 Gloucester St. Montreal

## Government Clyde Stallion

Parties wishing to breed mares to the Clydesdale stallion purchased by the Alberta Department of Agriculture, "Craigie Masterpiece" 18297, during the season of 1920, will make application to S. G. Carlyle, Live Stock Commissioner, Department of Agriculture, Edmonton, giving name and registration number of mares. A fee of \$25 will be payable at time of service and a further fee to be fixed by the Clydesdale Committee and the live stock Commissioner, will be payable when the mare proves to be in foal.

The location of the horse in the province will also be decided by this committee, and arrangements will be made that the service fees in every case will cover the freight so as to equalize cost to parties applying in different parts of the province. Further particulars will be published shortly, but parties desiring to breed mares should make application at once. The stallion will likely be ready to begin the season about May 1st. The committee and Live Stock Commissioner reserve the right to revise the list of applications and make such rules and regulations as may be deemed necessary regarding the services of this stallion.

S. G. CARLYLE, Live Stock Commissioner.

## NOTICE

Applications will be received by the undersigned for the position of Road Foreman and Two Grader Men for the season of 1920, for the Municipal District of Argyle No. 99. ## Claresholm Local News

Leo Pfefferle was down from Calgary this week.

Grant Clark has been in from the ranch most of the week.

All Lewis spent a week in Calgary and returned on Wednesday.

The U. F. W. A. will meet at the Parish Hall on Saturday, the 27th.

Prof. Grossmith failed to show up for his concert on Monday night.

Dave Staples of Pincher Creek was in town for a few days this week.

Miss Eva Braren of Calgary visited her home in town last Sunday.

Mrs. Martin Maxwell has been ill for three weeks with "flu", pneumonia.

Geo. Cummins of the Wilton Hotel was in Calgary for a few days this week.

Opal, daughter of Bert Mosley was able to sit up after two weeks of "flu"-pneumonia.

J. A. Harrison, who were under quarantine for "flu," are out and feeling fit again.

L. C. Newsum of Stately spent Sunday and Monday in town, the guest of the Editor's family.

Mrs. Reinecke left this week for New Brunswick, called there by the illness of her mother.

George Lamb was in town on Thursday. He is now running a large ranch near Lundbreck.

A. A. McDonnell of Winnipeg has been visiting his sister Mrs. Shaffner of the Wilton Hotel.

Sunday school will be held in both the Presbyterian and Methodist churches on Sunday next, the 21st.

Billy "Oswald and company gave a good show on Thursday night at the Rex, and played to a good house.

Joe Humeston, wife and sons, left on Tuesday for Meskanaw, Saskatchewan, where they will make their home.

E. G. Barbers, who were under quarantine for "flu," are well on the road to recovery, and quarantine has been lifted.

If in need of glasses, see Dr. Mecklenburg, the eyesight specialist, who will be at the Queens Hotel, Claresholm, on Friday, March 26th.

A. J. Crawford left on Wednesday night for a trip to Washington. He is planning on making his home there if he can find a suitable location.

The Earl of Jollywell was a lolly rotter, who wanted to pose as a hero; see what "Cheyenne Harry" did to him when he hit him out west. Rex next Friday and Saturday.

Like thunder in the mountains came the roar of stampeding cattle. Lasca knew that she must save Senor Moreland for another woman. This she did in "Lasca." Rex Saturday night this week.

C. Gray returned from his trip to Portland on Tuesday morning. He has been away for three months and is not sorry to get back to Claresholm. Mrs. Gray expects to follow him as soon as school closes.

Mr. and Mrs. Frank Wall returned from England on Tuesday of this week. Frank increased his weight by fifty pounds, and his family by one addition since leaving here last fall. He is so pleased with the results of his trip that another voyage is contemplated next winter.

"Lasca," the famous poem by Frank Desprez, has been dramatized by Universal. Edith Roberts and Frank Mayo are the featured players. No doubt many people know and love the old poem "Lasca" and have read it many times over. This is your chance now to see it at the Rex Saturday night March 26th.

It is now very difficult to obtain supplies of hay suitable for horse feed, the only reliable source being from the east. The U.F.A. have several cars bought for April delivery, and as these are being rapidly sold, farmers should place their orders at once.

A sharp advance in eastern prices took place last week and later purchases will be considerably more.

A Union service was held in the Presbyterian church on Wednesday of this week. Mr. Bell, the organizer for the Men's Brotherhood movement, gave an address and laid the foundation of an organization in Claresholm. Undenominational in character, the movement has spread rapidly all over the British Empire and the United States. Such an organization would undoubtedly generate a community spirit and be of immense benefit to any place. Mr. Bell expects to visit the town again at a later date when something more definite will be accomplished.

Rev. A. E. Smith gave an interesting address last Tuesday night in the Old Fellows' Hall on the subject, "Factors in the Political Life of Canada." He prefaced his lecture with an explanation of the People's church which he has recently organized in Brandon. A question which was asked by one of the audience brought out the statement that the new organization was based on no creed but on the fundamental principles of the Fatherhood of God and the brotherhood of man. Questioned as to his attitude to Jesus Christ, he said that he had unbounded faith in Jesus as the world's greatest teacher and as God's best revelation to man. Jesus he said was given far greater prominence in the People's church than he was in any other organization. His remarks on the factors in the political life of Canada were very interesting. The Liberal party was given credit for being the best organized, while the Farmers were the poorest organized of any party. He emphasized the thought that the best interests of Canada would be served by the Labor and Farmer organizations working in harmony and to the same end. The lecture was well worthy of a crowded house, but as it was only about one dozen were present.

## BUSINESS LOCALS

Wanted—Maternity work. Address Box 314, Claresholm.

Anyone knowing the present address of Herman Craig Forrest who was in Claresholm in 1918, please communicate with J. R. Watt, Barrister, Claresholm.

For Sale—A well built cottage not far from the public school, Plastered, water, light, gas. Apply F. S. Downs, Claresholm.

For Sale—A good milk cow (three to choose from). For particulars apply to the Review-Advertiser office. 1-p

For Sale—Gasoline Engine, 4 H.P., Fairbanks-Morse, in good condition, for sale cheap. Apply to Louis Norgard, Claresholm.

Dr. H. Mecklenburg, the eyesight specialist, will be at the Queen's Hotel, Claresholm, on Friday, March 26th. Charges moderate; satisfaction guaranteed.

Wanted—The party who picked up C. R. Evans' cream can between the Beaver Lumber yard and Shearer's corner, on the evening of the 9th inst., please notify of its whereabouts and receive reward.

# Franchise For British Citizens Over Twenty-one

Ottawa.—The new franchise bill, forwarded in the speech from the throne and expected to be one of the most contentious pieces of legislation to be thrown into the arena this season, was introduced into the commons by Hon. Mr. Guthrie.

In introducing the bill, Mr. Guthrie explained that the only requirements would be those of British citizenship, residence in Canada for one year, and in that particular constituency for two months and the attaining of the age of twenty-one years. These requirements would be applicable in the case of male and female voters alike.

The principle adopted in the preparation of voters' lists was that existing provincial lists in each province where authorized by law for use in provincial elections should be utilized in the case of Dominion elections, provided the lists were not more than twelve months old, or more than twelve months had elapsed between their compilation and the issue of writs for a Dominion election; when more than one year old, they would form the basis for Dominion lists. Power is given to the minister to follow where no provincial lists are in existence. The bill provides that county and district judges shall act as revising judges and registrars to be appointed in rural districts where no lists are available. Abolition of the office of returning officer in the new bill, and the substitution of a chief electoral officer, whose duties will be similar to those of the general returning officer in the last general election.

## Turks Besiege

### Armenian Villages

Troops Reported to Have Attacked Several Places in Cilicia

London.—Zelmit Humi and various other Armenian villages in Cilicia have been besieged by Turkish bands for the last ten days, according to dispatches received from diplomatic sources.

The dispatch says the Armenians thus far have been able to defend themselves.

Zelmit is in the valley of Aleppo, 20 miles northwest of Marash, where the recent Armenian massacres are reported to have occurred.

### Further Attacks

Paris.—Members of the allied military commission at Birela were attacked by a mob, but were saved from injury by intervention of the police.

The allied representatives were looted and some stones were thrown by the crowd before it could be dispersed.

# Admiral Jellicoe's Advice Is Given On Naval Question

Ottawa.—If Canada decides to co-operate in the general naval needs of the empire it may be convenient to pass a bill on naval assistance in the shape of a fleet unit. The basis suggested under these conditions is a fleet unit, which it is considered that war experience has shown, should comprise in the case of Canada:

One battle cruiser, two light cruisers, six destroyers, four submarines, and two fleet mine sweepers.

The naval force suggested as adequate purely for the protection of Canada's ports, comprised:

Three light cruisers, one flotilla leader, twelve torpedo craft, eight submarines, with one parent ship.

The above estimate from the report of Viscount Jellicoe, admiral of the fleet, on his naval mission to the Commons by Hon. C. C. Ballantyne, Minister of Naval Service, indicate what this eminent authority on naval affairs considers are Canada's minimum requirements if she is to play her part in empire affairs, and also if she is to protect her own coast and ports, which is not a lengthy one, after mentioning the subjects on which advice was requested by the Government.

## Curzon's Remarks

### Surprise U.S. Officials

Declare State Department Has Not Been Informed of Decision of Council

Washington.—Surprise was expressed at the state department at the statement of Earl Curzon placing on the United States the blame for the delay in settling the Turkish question.

"The state department has never been informed of the decision of the supreme council at London, and its opinion has not been asked," said one official.

Members of the American peace delegation at Paris were asked concerning the Turkish settlement last year, but refused to discuss the matter at all.

France has sent a copy of the Turkish settlement to Ambassador Jusserand for presentation to the American government, but it is understood that it has not been received at the state department. It was learned, however, that a statement outlining the United States' position had been prepared and would be given to the allied governments as soon as the settlement had been formally official of the terms of settlement.

## The Turkish Problem

Earl Curzon Blames the United States for Delay

London.—Name for the troubles that are being experienced in settling the Turkish problem was held at the door of the United States by Earl Curzon, the Foreign Secretary, in explaining the Turkish position negotiations to the House of Lords.

"The difficulty in framing the treaty is largely due to delay, and America is responsible for the delay," Lord Curzon said.

The Foreign Secretary added that the peace conference hoped that when the new states were set up in Asia Minor, however, that the United States would help materially in assisting the new Armenia.

Reorganization of Canadian Militia Ottawa.—Perpetuating the peace time situation, which Canada contributed to the forces in the field during the war, is provided for in the reorganization of the infantry of the Canadian Militia, according to a statement issued from militia headquarters. The statement precedes an announcement of reorganization in three of the military districts of Canada: No. 3 district, with Kingston as its headquarters; No. 10, with headquarters at Winnipeg; and No. 11, with headquarters at Vancouver.

In the days of King Alfred, England reckoned the hours by the length of time taken to burn a wax candle of certain length.

## Capitalists Multiplied Their Fortunes

While Working Man Gave His Mite to the State

London.—There are some interesting conditions presenting economic conditions available here. Lord Colwyn, chairman of the Income Tax Commission, gave the Manchester chamber of commerce three instances of inflated war fortunes. One man who worth one million in 1914 had now multiplied it six times. Another man who had three million had multiplied it five or six times. Some aliens who came here during the war had capital of about £10,000. They had got of things the government wanted, and their capital was now half a million pounds. Sir William Pearce, chairman of the committee on taxation of war wealth, told another gathering of the Manchester chamber that the state with its entire war wages saving, amounting to £60 pounds, in recognition of the sacrifice of his fellow countrymen.

## Cost of New Parliament Building

Returns Tabled in House Show Considerable Sum Already Expended

Ottawa.—The new parliament building cost \$6,954,116 to February 28, according to a return tabled in the house. The contractors are to receive eight per cent. on the total cost of the building, dating from February 10, 1914. The cost of the building is \$6,954,116, or about 100 per cent. on the cost in excess up to \$10,000, which they are not to receive any more. Architects receive five per cent. on the total cost of the building, including the cost of the parliament buildings, this commission to apply to the amount not exceeding \$500,000.

## More Outrages in Ireland

Several Policemen Have Been Attacked, and One Was Shot and Killed

Dublin.—A number of additional outrages are reported to have taken place in various parts of Ireland. Police Sergeant Neave was shot and killed at Rathkeale, 17 miles southwest of Limerick.

In the Cork district, Inspector McDonagh was dangerously wounded in the head by a bullet from a revolver. The bullet was fired by a man named Murphy, who was shot and killed. Murphy was ambushed and shot and dangerously wounded.

In the Kilkenny, County West Meath, one hundred armed men raided Durrus Castle, a private residence, for arms. The family was taken to the castle. The raiders gained entrance to the building by smashing the big door with sledge hammers.

Egyptians Favor Freedom Protest Against Suspension of the Assembly and Denounce the British Protectorate

London.—Fifty-two members of the Egyptian legislative assembly recently met at the home of Said Zagloul Pasha, who headed the Egyptian mission to the peace conference, and adopted a resolution proclaiming the independence of Egypt and the Sudan, according to dispatches from Cairo.

A resolution also protested against the suspension of the assembly, and denounced the British protectorate.

Cost of Completion of Manitoba House

Winnipeg.—It will cost \$8,075,418 to complete the Manitoba legislature building at Winnipeg, according to figures given the legislature of Manitoba by Hon. H. A. Gieson, minister of public works. The return is that the board of appraisal valued the building at \$8,075,418, and the original contractors.

Hope to Beat R-34

New York.—The United States navy is to build the biggest and fastest dirigible in the world. This ship, the R-34, is to be built in the shipyard of the navy at Groton, Conn. The R-34, the British dirigible which flew from England to New York and back last summer.

A mouse trap patented by a Mississippi inventor consists of a baited trap which is closed by a wire in such a way that the weight of a rodent lifts it and drops the animal into water, then swings back to place.

Prince Commander of R.C.M.P.

London.—The Prince of Wales, it is understood has accepted a position as honorary commander of the Canadian Mounted Police.

W. N. U. 1307

## Drury Government to Enforce Prohibition

Premier Assures Temperance Party That Act Will Be Made Effective

Toronto.—"It is our sincere desire to make the Ontario Temperance Act effective, and to enforce it in such a way that there will be no reaction, for we must not jeopardize the permanent cause of temperance in the province. We are as anxious as you to make the act effective, and we will move to that end as swiftly as possible, but with due deliberation."

Such was the assurance given by Premier Drury to a deputation of some 250 delegates from the Dominion alliance convention.

The Ontario branch of the alliance convention unanimously decided that legal difficulties must be removed before it will ask for a provincial plebiscite.

## Red Flags at Pit Shafts

Strike at Malpais Ostrau Coal Fields Becomes Communist Demonstration

Vienna.—The strike which broke out recently in the Malpais Ostrau coalfield in the Teschen district, in dispute between Czech-Slovakia and Poland, is spreading rapidly, and is reported to be taking on the character of a Communist or Socialist demonstration.

A stranger to the Malpais Ostrau pits, the advance state, and pit grandees have been used in conflict against the miners. Czech workers. A total of 20,000 men have struck.

"The strike was begun as a protest against the action of the police in the commission in replacing workers members of the local committee by bourgeois."

## Reds Active in Canada

Secret Service Police Are Investigating Clues of Activities Now in Ottawa

Ottawa.—The Journal publishes a report to the effect that the Dominion secret service police are investigating "Red" activities, evidence of which have been found in Ottawa. It is alleged that the suspicion of the authorities was first aroused by a letter from George Bonfield, a prominent Anglican clergyman of this city. The letter was a challenge to the police to secure his co-operation in a scheme which had as its object the removal of a prominent Canadian from the country. It was in the time, and the stranger refused to wait until further information could be secured.

Any information regarding the other clues on which the Dominion authorities are working have been kept secret, although it is known that the police are now some activity regarding the circulation of incendiary literature.

## Von Hindenburg Again

Germany's Chief Military Training School Is Closed

Berlin.—The chief training school for cadets at Grosskurferde, Prussia, through which most of the officers of the German army passed, was closed, in accordance with the terms of the peace treaty.

There was an imposing military demonstration, attended by a number of officers, in gait uniform, including Gen. Ludendorff.

Field Marshal Von Hindenburg telegraphed the cadets that his services they had rendered the country would never be forgotten.

## Wonders of Wireless

New Receiving Device Enabled People in Streets to Hear Discussion in Airplane

New York.—Conversation by wire telephone between passengers in a plane and a motor truck standing at Broadway and 42nd street, during an exhibition over the city, was heard by persons standing around the truck at a distance of ten to fifteen feet. Hearing the voices from the occupants of the car attached to the gas-bag was possible, it was explained, through a recently developed apparatus.

War Expenditure Still High Ottawa.—War expenditures borne by Canada during January last totaled \$130,000,000, of which \$15,305,904 was spent in demobilization, it was shown before the House. The aggregate of debt for the month was \$62,015,109.

Prince Commander of R.C.M.P.

London.—The Prince of Wales, it is understood has accepted a position as honorary commander of the Canadian Mounted Police.

# Canada Takes No Second Place In League of Nations

## Allies Application

### Demand of Penalty

Send Firmly Worded Note to Germany Regarding Outrages on Officers

Paris.—The conference of ambassadors has decided to send the German government a very firmly worded note demanding immediate application of the penalties pronounced for the outrages suffered by officers of the inter-allied commission to the Baltic states. The department of the interior of the region, which has hitherto been delayed.

At the demand of the British delegation the conference has decided to demand again that the government at Belgrade order the execution of the Serbian prisoners of war, which is still occupied by the Gruz-Slavs, contrary to the decisions of the conference.

The conference has sent precise instructions to the commissions of control in Germany that the German government must order the officers to visit fortresses which are not to be destroyed. The control commissions were meant to have the right to visit all German fortified places.

## Wanted to Keep Fleet Intact

Sims Told That Navy Was to Be Kept Whole for Future Requirement

Washington.—Indications that the United States navy department would send all available American naval craft to European waters early in the war because of a desire to keep the main body of that nation's sea strength intact for possible eventualities were contained in Admiral Sims' testimony before the senate committee investigating the naval condition of the war.

He read a cablegram from the navy department dated July 10, 1917, containing an outline of the department's policy and declaring that "while a successful termination of the present war must always be the first aim and will probably result in diminished tension throughout the world, the future position of the United States must in no way be jeopardized by any disintegration of our main fighting fleet."

The same cablegram, Admiral Sims said, contained this statement: "The navy department announces as its general plan of action the following: Its willingness to send its minor fighting forces in any number not incompatible with home needs to another field of action deemed advisable by the allied admiralty council; its willingness as a matter of policy to separate any division from the main fleet for service abroad, although it is willing to send the entire fleet to sea abroad to act as an emergency co-operating unit when the urgency is deemed sufficient to warrant it."

Prince of Wales' Australian Tour Portsmouth.—The Prince of Wales starts on his trip to Australia this week.

## Sims Interprets Meaning of the British Message

Assault on French Commission

Eight Men Drove into Town Near Potsdam and Were Attacked by Inhabitants

Berlin.—Eight men, said to be members of a French aviation commission, who drove into Wernitz, near Potsdam, in a motor car from Berlin, were attacked by the inhabitants, who accused them of poaching and summoned them to surrender. Four of the men obeyed, but the others tried to escape, one of them being wounded and later dying while being taken to a doctor. Two of the other later surrendered and the fourth man escaped. The report on the incident has been transmitted to the French command d'affaires here by an allied officer.

Ottawa.—Canada is among the "first class members of the League of Nations," according to a statement by Mr. Rostell in the House of Commons. In conformity with Article 6 of the Peace Treaty with Germany, Canada's contribution towards the League of Nations is based on the basis of the proportion of the expenses of the international bureau of the universal postal union, but the actual amount which Canada may be called upon to contribute must necessarily depend upon the number and classification of these states which become members of the League of Nations. Canada's contribution for the fiscal year ending March 31, 1920, was fixed at \$26,234, which at the current rate of exchange on February 13, the date on which the draft was sent to London, amounted to \$64,041.15.

## Land Set Aside for Settlers

Annual Report of Department of the Interior Tabled in House

Ottawa.—Enough agricultural land for settlers likely to come to Canada for some years to come is now available, according to the annual report of the department of the interior, tabled in the House of Commons.

Particularly in Northern Alberta and Saskatchewan, the government has been active. The amount of land near the railways is, however, fast diminishing.

Returned soldiers have been well provided for in the matter of accessible land, large tracts being reserved for their use. There has been considerable activity by bona fide settlers outside these reserved areas. The government, it is stated, is planning to continue irrigation and drainage work on an extensive scale.

Particular attention is also to be paid by the department in the coming year to the development of water power. Revenue collected from occupiers of homesteads has been very satisfactory during the year.

## Cost of Prince's Tour

His Royal Highness Paid Large Part of Expenses of Own Pocket

Montreal.—The Montreal Star has the following special cable from London: "The expense account of the Prince of Wales for his recent visit to the United States and Canada, just published, shows the total cost of \$55,000 for the journey. The statement disclosed that the Prince paid no hotel bills for himself, but had to meet the cost of accommodation for a dozen officers and other members of his entourage. The Prince paid for his own expenses by his suite. Tips of his, ranging from walking sticks to jewelled bracelets, amounted to \$10,000."

No Further Loans from U.S. Washington.—The allied governments will receive no further loans from the United States government, Secretary Houston has announced.

Washington.—When the British Government announced that the United States Navy Department in 1917 saying Britain "appreciated" what the United States was doing to keep down submarine, it was merely a case of international politeness. Admiral Sims told the senate investigating committee.

"They were thanking us for sending the first submarine to Germany," said the Admiral. Delay by the United States navy in getting into the war in earnest was again asserted. He said that the United States navy had declared that the failure of the United States navy to co-operate fully with the allies during the first six months after the United States' declaration of war cost half a million lives, fifteen billion dollars, two million five hundred thousand tons of shipping, and prevented a victory over Germany by July, 1918.

## PROMOTING PURE BRED CATTLE

The livestock men of Alberta have adopted a novel means of promoting their industry, and, incidentally, of bringing to the notice of the people both within and without the province, the standing of Alberta as a livestock country.

Thirteen of the largest breeders have donated thirteen steers, mostly purebreds, to the University Farm, without any charge whatsoever. These steers represent the cream of twenty-four of Alberta's leading herds, and constitute what is thought to be the finest selection of the kind owned by any institution in Canada.

During the past a number of grade steers had been bought from time to time by the University Farm for judging purposes for the students of the College of Agriculture. The best of these were shown at the local live stock shows and later sold. It was next to impossible however to secure the class of stock best suited to this purpose with the funds available, as it entailed going to the larger breeders and paying top prices for selected individuals, and in all probability the breeders would not care to dispose of the animals of the age most suitable. It was felt that this work could be made more valuable to the province at large if instead of using ordinary grade steers, animals of higher merit could be obtained in any case the cost of labor, feed and housing would be the same.

To Professor A. A. Dowell, Chief of the Department of Animal Husbandry of the University of Alberta, came an inspiration whereby the University was able to get the required animals without paying a cent for them, yet giving their owners a good return. It appears that there are a number of breeders in the province of Alberta who are not in a position to do their own culling and showing. Consequently their herds suffer from a lack of advertisement. Prof. A. A. Dowell evolved a plan by which the breeders in this position would get their herds advertised at the exhibitions, and the University Farm the desired class of animals. The plan suggested was that the breeders donate five or six calves of the three leading beef breeds, and the University would use them for judging purposes for two seasons, and exhibit them at the International Live Stock Show at Chicago. Practically all of the

### Alberta Stock Ranch: Purebred Calves for Alberta University Farm.

Breeders approached were perfectly willing to assist in carrying out this scheme. The plan was submitted to the Alberta Breeders' Association at their annual convention held at Calgary last May, and, receiving the entire approval of the Association, twenty-four breeders offered the best calves of their herds.

Immediate steps were taken to visit the various farms, and after three months' thirteen calves were selected from the twenty-four herds. Grades were not debarred, but pure breeds were preferred.

The big difficulty that Prof. Dowell had in selecting these calves was not getting the owners to consent to part with them, but rather in refusing animals from breeders who offered them. Many of the breeders actually urged the University to send a representative to their farms, and take the best of any of their calves.

What is most outstanding about these calves is their uniformity, quality, and also their age. At the present time most of them are from five to seven months old, and with out exception they can all account for a 100 pounds per month. All of the animals are on exhibition at all times in the University stables, and a placard hanging over each animal denotes the breeder, and the breed, of each animal. The animals are kept in the place of condition and it is the expression of many of the leading live stock men visiting the stables from time to time that, collectively, they are the finest lot of steers of their age owned by any one concern in Canada today. They represent the very best that there is in Alberta.

Princess Mary inspecting the Girl Guides at St. Andrew's Hall, Norwich, England.

### TRUSTWORTHY

It is a good thing to have a publication in the house that you can trust. You never have to think whether you can safely leave The Youth's Companion on the table. When you begin a Companion story you know you

are not bound on a slumming expedition. You are being led up into the sunshine of the everlasting hills. The folks in The Companion stories are everyday folks. They are like your own townspeople: stumbling, falling, picking themselves up, trying with some defects and some difficult-

ies to attain to their high ideals. They are being led up into the sunshine of the everlasting hills. There are more than 10 of them in the year. One of eight great serials will be by Theodore G. Roberts's glorious story of Canadian patriotism and valor, Sons of Liberty.

Anyone knowing of any stray animals with above brands, please notify F. DOWNS, Clareholm

We have several customers looking for land that can be bought with a small cash payment. If you have anything to sell call or phone Fraser & Peck.

To Trade—Good three-bottom John Deere plow, will trade for two-bottom 14 inch plow which is in good condition.—S. L. Fraser, Clareholm.

## Are You Equipped Down Success?

There is a new thing called success. Success is not a matter of chance. Success is the result of hard work, of the determination to succeed, of the willingness to do what it takes to succeed. Success is the result of the determination to succeed, of the willingness to do what it takes to succeed.
